OUR MANAGEMENT TEAM

Pramod Mishra
Managing Director

On behalf of Team AGRAY, I extend my heartfelt gratitude and sincere thanks to our valued customers and business associates. Your trust and continued support have been instrumental in shaping our successful journey and driving our growth. We remain committed to elevating our services by embracing the latest technological innovations and supporting infrastructure. Our focus is on delivering best-in-class, future-ready IT solutions that meet evolving industry needs and offer cutting-edge, cost-effective technologies.

We look forward to building and strengthening our business relationships in the years to come and assure you of our best services and support. Once again, thank you for entrusting us.

Asheesh Mishra
Director

As a Director of Agray Infosolutions, I'm focused on driving transformation that aligns with the evolving needs of our customers in today's fast-moving digital landscape. I believe real progress happens when we adapt by leveraging emerging technologies, streamlining systems, and continuously enhancing the value we deliver.

Our mission is to make Agray more agile, innovative, and responsive. We're not just offering products and services, we're delivering integrated solutions that solve real-world challenges and make operations simpler and more efficient for our clients and my goal is to ensure that every interaction with Agray feels effortless, timely, and aligned with their strategic vision.

At Agray, we don't just respond to change, we anticipate it, so our customers can stay ahead of the curve.

Mridula Mishra
Director - HR & Finance

With over 15 years of experience in Finance and Human Resources, I lead the financial and human resource functions at Agray Infosolutions Pvt. Ltd. My mission is to ensure seamless financial operations, regulatory compliance, and long-term profitability, while fostering a collaborative culture that empowers teams.

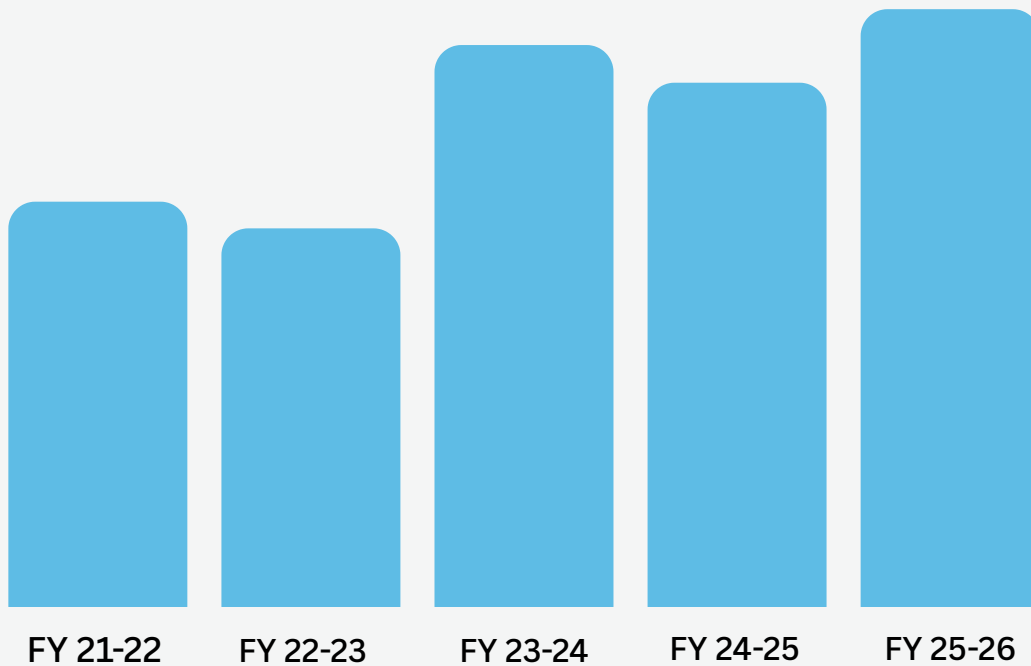

I believe that a sound financial strategy and effective employee development are key to sustainable growth. From cost optimization and funding to transparent HR systems, every decision aligns with our business goals and a strong commitment to our employees.

At Agray, we're building a workplace driven by innovation, teamwork, and accountability- where individual growth and organizational success go hand in hand.

Way Ahead

Aligning with the Digital India Vision

As India accelerates toward a digitally empowered society and knowledge economy, we are proud to align our growth trajectory with the Govt's Digital India initiative. Our roadmap for future business expansion is totally aligned with the Vision & Mission of Digital India conceptualization.

We are committed to contributing to the core pillars of Digital India—digital infrastructure as a utility to every citizen, governance and services on demand, and digital empowerment. Our Team is geared to accept the Technological challenges and play a pivotal role in nation-building through technology.

Our future initiatives will focus on latest cybersecurity, cloud & AI-enabled technologies to provide State-of-the-Art solutions for effective e-governance for Government, facilitate G2B stakeholders in ease of doing Business and providing on demand services for G2C operations.
